Dear STARR Applicant:

Due to the state's projected revenue shortfall, the Aging and Disability Services Division's budget that was presented to the Legislature proposed the elimination of the Senior Tax Assistance/Rent Rebate (STARR) program. The legislature approved the budget with the elimination of the program in an effort to fund other critical services that provide assistance to seniors, specifically Elder Protective Services.

Realizing that many seniors depended on the annual check received through the program, this was a difficult decision that both the Governor and the Legislature had to make. Neither took this decision lightly and they remain committed to supporting services that assist Nevada seniors.

Sincerely,

A handwritten signature in cursive script that reads "Carol A. Sala".
